EMAIL FROM EXTERNAL SENDER

Good Afternoon,

First of all, I would like to apologize for the delay in response. As you are well aware, we are right in the middle of the reviewing of the assessments. While I understand your concern for proper assessments for abated properties, your information came from a website that is not always accurate. The administrator and I have been in discussion about the accuracy of the information on FastLane. While it is improving, I do not rely solely on their information.

The primary goal of the Orleans Parish Assessor's Office is to properly assess all real estate in the City of New Orleans. We keep record of the ITEs and RTAs as documents are received. The two ITEs you're questioning, according to documentation received by our office are valid through 2020 and 2021. If we find that the two ITEs have not been renewed, we will prepare the necessary change orders, and fines will be assessed by the state as necessary. Remember, we only keep records for these contracts. We do not make decisions, nor monitor compliance of contract recipients.

If you have any further questions, please let me know.
